

Dear Friends of Evolutionary Decking,

It has been a long time since I wrote to any company praising their performance, what with quality and service being a rare commodity these days. It is therefore my pleasure to have the opportunity to both thank and compliment Evolutionary Decking.

Words cannot express how delighted we are with our new screened in porch. I hate to brag but it is **gorgeous. beautiful. stupendous. awesome, magnificent, etc. etc.** Ten times greater than we ever envisioned it would be. Sometimes we just sit and stare. Our neighbors hate us! (Actually they love us, but are extremely envious).

Frank and his team were wonderful to work with and our "porch project" was smooth and trouble free. What I had feared might turn into an ordeal became instead a beautiful dream. Again, a special THANK YOU to Evolutionary Decking.

Please do not hesitate to contact Evolutionary Decking if you are interested in using their services. We are **very** proud of our new porch!!!

Steve and Heather Gallagher
